Plumas County's Treasurer Announces Auction of 20 Tax-Defaulted Properties on the Internet

Plumas County to hold annual tax sale on the Bid4Assets Web site

SILVER SPRING, Md., April 23, 2008 – The Plumas County Treasurer-Tax Collector today announced an upcoming public internet auction of 20 tax-defaulted properties May 10 – 13, 2008. The auction is being conducted by Bid4Assets, the leading online auction service provider for forfeited, surplus and tax-defaulted property. Interested participants can review the auctions at www.bid4assets.com/plumas.

Minimum bids start as low as \$2,000 and no properties in the auction have a reserve price. Bidding opens at 8:00 a.m. PT on May 10 and closing times are staggered on May 13. A deposit of \$2,000 (plus a \$15 processing fee) is required in order to bid on the properties and should be submitted by Tuesday, May 6, to allow for sufficient processing time. The individual auction listing pages, found at www.bid4assets.com/plumas, provide additional instructions for submitting the deposit and bidding.

“Since teaming with Bid4Assets, we have been collecting more delinquent taxes and returning more defaulted properties to the tax rolls. Moving our tax sales online has also reduced administrative costs and resources typically needed to conduct an on-the-ground auction. This helps provide more funding for the county, schools and other important public services,” said Treasurer Ginny Dunbar.

Public auctions are the most common way of selling tax-defaulted property. The purpose of offering tax-defaulted property at auction is to collect the unpaid taxes and to convey title of the property to a responsible owner. The auction is conducted by the county tax collector, and the property is sold to the highest bidder.

In addition to Plumas County, six other northern California counties are using the Internet to auction tax-defaulted properties including Del Norte, Modoc, Lassen, Solano,

Siskiyou and Tuolumne. The seven counties will auction a total of 185 tax-defaulted properties online. The counties are divided into two groups: Group 1 – Del Norte, Modoc and Solano counties to be conducted May 3 – 6, 2008 and Group 2 – Lassen, Plumas, Siskiyou and Tuolumne counties to be conducted May 10 – 13, 2008. The northern California county auctions are available for preview at www.bid4assets.com/northernca.

Due diligence materials, including tax information and maps, are available for viewing online at Bid4Assets. Interested bidders should go to www.bid4assets.com/northernca for more information. Bidders who are unable to bid online can contact Bid4Assets toll-free at 1-877-4ASSETS to request an off-line bid form or to bid.

Bid4Assets' robust auction engine has positioned them as the pioneers of advertising and auction service provider for both tax deed and tax lien sales nationwide. Bid4Assets has successfully sold hundreds of thousands of tax-defaulted properties and tax lien certificates for more than 60 counties in California, Nevada, Michigan, Idaho and Florida. By using the Internet, counties are able to reduce administrative costs, reach more buyers and sell a greater number of properties and certificates at each sale. The taxpayers are the direct beneficiaries of the efforts of the officials in those counties.

About Bid4Assets, Inc.
