The County of Nye is not liable for the failure of any device that is not owned, operated, and managed by the State or County that prevents a person from participating in any sale. After the Property is Purchased:

Nye County will issue and record a quitclaim deed to the successful bidder of each parcel within 30 days of the auction. The successful bidder is responsible for recording and filing fees (included in your final payment to bid4assets). Please note that it may take an additional 30 days for the ownership change to be noted on the website dependent upon the workload at the Assessor's Office. The Treasurer's Office will mail the deed to the buyer upon completion of the recording process. There is no redemption period on property acquired through the tax auction. Once you receive the recorded deed the property is yours. Nye County will not assist any purchaser in obtaining actual possession of the property. Please refer to NRS 361.595 for more information regarding quitclaim deeds and tax sales.

The taxes will be paid through the current installment due. New tax bills are generated middle of July each year. The tax year is based on a fiscal year, July - June. The first installment is due on the third Monday in August EVERY year. Parcels with a tax amount due over \$100.00 will have additional installments due on the first Monday in October, January and March. All installments have an automatic 10 (ten) day grace period. It is the responsibility of the new owner to pay the taxes and keep their address current with the Assessor's offices. Failure to receive a bill does not provide a basis for waiver of penalties or interest.

Per NRS 361.600, there is a two-year period where the previous owner of the property may protest the sale and during which title companies may not issue title insurance. You should contact a title company for more information regarding title insurance.
